EASTERN NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Reunion of the Army of the Cumberland.

NEW YORK, Sept. 15.—The large number of arrivals at Utica indicates that the meeting of the Army of the Cumberland will be much larger than last year. General Grant will arrive from the east at 4 P. M. in a special car. He then goes to Senator Conkling's house. General Sherman telegraphs he will arrive at the same hour from the west, with a large delegation of officers who have joined him on the way. He will be the guest of Judge Ward Hunt. There is much disappointment at the absence of General Sheridan. General Hooker, first vice president, will preside in Sheridan's stead, if the condition of his health does not prevent. Governor Tilden had consented to be present, to welcome the association on behalf of the state, but now declines. Senator Conkling will therefore extend the welcome. Utica is in a blaze of excitement. The streets are all elaborately decorated, and the military parade on Thursday will be large. The citizens of Utica tender a grand ball and collation at the Opera House, for which preparations are completed.

UTICA, N. Y., Sept. 15.—The ninth reunion of the Society of the Army of the Cumberland opened in this city to-day under the most auspicious circumstances. The city presents a beautiful appearance, every house and place of business being elegantly decorated. Large numbers of strangers are here to see the distinguished officers and soldiers. Generals Sherman and Hooker were enthusiastically greeted when they appeared at Baggs' Hotel, where the meeting was to be held. The Utica Citizens' Corps, one of the oldest independent military organizations of the state, with the Governor's Island band, acted as an escort of honor. The streets through which the procession passed were crowded. The meeting did not open until nearly noon, when President Grant and Senator Conkling made their appearance. In the absence of Gen. Sheridan Gen. Hooker was made chairman. Calls were made for speeches from Gens. Grant, Sherman and Hooker. The president simply bowed. Gen. Sherman made a few felicitous remarks, but said the programme did not call for speeches until evening. Col. McQuiers, chairman of the local executive committee of the society, made an address of welcome.

UTICA, N. Y., Sept. 15.—At the afternoon session of the meeting of the Army of the Cumberland, the following were the officers elected: President, Gen. Phil. H. Sheridan. Among the vice presidents were Theo. F. Brown of Illinois, Gen. W. W. Loss of Iowa, W. D. Whipple of Nebraska. The next annual meeting will be held at Philadelphia, July 6th and 7th.

President Grant, in reply to calls and cheers, made a few remarks. He excused himself from making a speech, but said he would like to write, and have the vast audience read, what he could tell of the glorious deeds of the Army of the Cumberland. The president remarked that there were others willing to follow him who were not afflicted with his difficulty, the want of the faculty of talking in public. This point was received with laughter and cheers.

General Sherman was next called, and the audience arose and gave him three hearty cheers. Gen. Sherman's speech was a magnificent tribute to the Army of the Cumberland.

The Exposition at Cincinnati.

CINCINNATI, Sept. 15.—The attendance at the exposition yesterday was very large. The hall was well filled, and the horticultural department especially crowded. The commissioners state that it was a much better day, in regard to receipts and number in attendance, than the corresponding day last year. A number of premiums for the best display of cut flowers were awarded. The display in the main hall and agricultural department is very fine. Among the distinguished visitors from abroad are Lord Houghton, of England, and Director General Goshorn, of the international exposition.

Maine Election.

AUGUSTA, Me., Sept. 15.—Returns from 371 towns give Connor (Rep.), 53,397; Roberts (Dem.), 48,713; Connor's majority, 4,684. The same towns last year gave Dingley (Rep.), 48,020; Titcomb (Dem.), 37,818; Dingley's majority, 10,202. The republicans elected 20 and the democrats 11 senators.

Colorado Election.

DENVER, Sept. 15.—Returns from the election in this Territory come in very slow. Arapahoe county gives a majority of the Republican ticket. The democrats elect one of two councilmen and two of four members of the house. They also elect county treasurer. Last fall the county gave over 300 democratic majority. The result in the Territory is doubtful, both parties claiming the legislature.

Election for Constitutional Convention.

The governor has issued a call for an election, on the 25th of October, for members of the constitutional convention, which will meet on the 20th of December. The Republicans claim that they will have a good majority in the convention.

Terrible Explosion of Gunpowder — Destructive Fire.

CINCINNATI, Sept. 15.—At Georgetown, Ky., yesterday, as Lewis Ersen Schmidt, clerk in Barlow's store, was loading a pistol for a young man named Herring, the weapon went off at half cock, discharging into a can of gunpowder, which exploded, blowing out the front of the store, and flooring Ersen Schmidt and Herring. The store took fire and was soon consumed. The adjoining stores of Rankin & Webb, Frank Lyon, Morris Davis and W. Hecht were also wholly or in part consumed. The total loss will probably reach $30,000. Ersen Schmidt and Herring were very dangerously injured.

Bank Robber Shot and Captured.

LOUISVILLE, Sept. 17.—Detectives Blight and Gallagher received a dispatch this morning from Crab Orchard, stating that one of the Virginia bank robbers, supposed to belong to the Younger gang, was shot and captured at that point.

LOUISVILLE, Sept. 15.—Louisville detectives report the wounding and capture of a man supposed to be one who recently robbed the Hunting (Va.) bank of $10,000. He was captured at Pine Hill, Kentucky, Tuesday night, by two residents named Dillians, who had a fight with four others. It is thought he belongs to the James Younger band. They succeeded in wounding and capturing this man, who answers to the description of Cal. Younger.

Letter from Henry Ward Beecher.

NEW YORK, Sept 14.—Following is a letter of Rev. Henry Ward Beecher, to the district attorney of Brooklyn in relation to the libel suit against Francis D. Moulton:

TWIN MOUNTAIN HOUSE, Aug. 30.

To *Winchester Britton, Esq.*—DEAR SIR: Your letter commending to my attention certain considerations which incline you to relinquish the criminal suit against Mr. Moulton and Mr. Tilton was duly received and considered. I think that the views which you present are sound and wise. It would seem to be an axiom that no suit should be carried on in which neither individuals nor society can hope for benefit. Should you in your further discretion enter a *nolle prosequi* I believe all right-thinking citizens will regard your action with approbation, when made aware of the reasons.

Sincerely yours,
HENRY WARD BEECHER.

New York Stock Market.

NEW YORK, Sept. 15.—The stock market continues feverish, and the whole list has been in the main weak except Erie, which has sympathized with the London market, and Western Union Telegraph.

NEW YORK, Sept. 15.—Gold closed 16¾a⅞; money, 2½a3; gov'ts dull and strong; stocks active and feverish: Western Union, 78⅜; Quicksilver, 16; Pacific Mail, 38¼; W F, 78; N. Y. Central ex div, 102⅜; Erie, 19½; Panama, 132; Union Pacific, 72½; do. bonds, 105⅞; Central Pacific bonds, 103¾.

Erie Matters.

NEW YORK, Sept. 15.—President Jewell, of the Erie railway, to-day received by cable from the bond and share holders in England a proposition to issue fifty per cent more common stock, one new share for every two now existing, by which means, supposing the price of $25 to be obtained, an amount of $10,000,000 cash will be secured. If this arrangement can be effected, it is proposed to construct a narrow gauge line, including the purchase of a large amount of new engines and stock, the gauge of which can be altered to suit the railing of the main line, to open up the coal line, to complete the double track main line, improve sidings, stations, etc., alter gradings and curves, to such an extent as will be attended with economical advantages, and add to the rolling stock; the total amount to be expended on these improvements to be $13,000,000, the whole to be expended over the next two years, during which period the new shares will be paid up by half yearly installments. The capital of the company would then consist of $41,000,000 of bonds and preferred, $11,700,000 of ordinary shares. Prior interest, charged at 7 per cent, would be $3,000,000, and new shares almost $3,000,000; total, $6,000,000. With the line finished and equipped as proposed, the working expenses would be brought down to 60 per cent, and the traffic within three years from now would be at least $24,000,000 per annum, affording a net revenue of $9,000,000 per annum, meeting all bond and preferred liabilities, and leaving 3 per cent. for ordinary shares.

Wool Market.

BOSTON, Sept. 15.—The inactivity previously noticed in wool still continues. California, 21@30c. There is but a limited inquiry for pulled wools, with sales good and choice super at 45@50c per pound.

Safe Robbery.

BOSTON, Sept. 15.—The safe of Francis Sargent & Co., 60 and 75 Sudbury street, was robbed to-day of $17,000 in bank bills, checks and notes, by two men, one of whom induced the cashier to go into another part of the building while his accomplice operated on the safe.

Yellow Fever.

CINCINNATI, Sept. 15.—A dispatch from New Orleans says: "In the town of Milton, Florida, nine miles above Pensacola, the entire population of which is fifty-four, there are thirty-three cases of yellow fever, eleven fatal. At West Pascagoula, a hundred miles from New Orleans, there are seventy cases. There have been fifteen deaths during the past week.

Railroad Meeting.

ST. LOUIS, Sept. 15.—A meeting of citizens was held at the Southern Hotel to-night to adopt measures to call a national convention in this city to memoralize congress to grant such legislation as will secure the construction of another railroad to the Pacific, and consider means to reduce the cost of transportation between the Atlantic and Pacific, the lakes and the gulf, the Mississippi valley and the Atlantic seaboard.

Bishop of Illinois.

CHICAGO, Sept. 15.—At the Episcopal convention to-day Rev. Dr. W. E. Maclaren, rector of Trinity church, Cleveland, was elected bishop of Illinois.

WASHINGTON CITY.

The Red Cloud Investigation.

WASHINGTON, Sept. 15.—The Red Cloud commission met again to-day. Senator Howe was present. Mr. Smith, commissioner of Indian affairs, read a statement in reply to the allegations of Prof. Marsh against him.

WASHINGTON, Sept. 15.—In the Red Cloud investigation to-day Commissioner Smith said that last April Prof. Marsh showed him a package of coffee, sugar, flour and tobacco which he said he had brought from the Red Cloud agency. He made no charge of fraud by agent Savile except in the name of the Red Cloud agency, which statements he had no faith in. Shortly after this interview Professor Marsh made a statement of his observation before the Indian commission which resulted in appointing a commission to investigate the whole matter. The commissioner says the Indian bureau took all reasonable and necessary measures to protect the government from imposition and secure the delivery of the proper articles for the use of the Indians. The commissioner then states at length the three charges of fraud which Prof. Marsh tries to fasten on the Indian office: first, as to shielding a contractor by false statements; second, that he had been made acquainted with the wrongs at Red Cloud Agency, but had taken no measures to prevent them; third, of fraud or connivance with the transportation service. To these charges the commissioner gives an emphatic denial and shows they are not true.

The Situation in Mississippi.

WASHINGTON, Sept. 15.—The attorney general was visited to-day by a delegation representing the Republican voters of Mississippi, and consisting of U. S. Senator Bruce; W. G. Buchanan, sheriff of Marshall county; A. R. Howe, ex-member of congress; James Hill, secretary of state; A. Warner, chairman of the Republican executive committee, and John B. Raymond, editor of the Mississippi *Post*. The delegation called to explain the situation of affairs in their state, and stated that owing to the white league organizations, which are very general throughout Mississippi, Republican voters are not able at all times to exercise their political rights. Although the Republican party, which is composed of the entire colored element with comparatively few whites, is largely in excess in point of numbers, yet owing to lack of organization they are ever at the mercy of the hostile organizations of their opponents, who, by force of mobs and riotous demonstrations, generally refuse to allow voters to assemble at political meetings, to register at proper places of registering, or to vote upon election days. Upon the subject of disturbances at the present time, the delegation was united in the admission that none existed. Their political meeting had been broken up, and there was, they asserted, no reason for any further disturbances. What they represented was that there was always danger of serious difficulties, unless the state government, which is utterly unable to give them protection, shall have the assistance of the general government. In fact the state government could not be carried on without the aid of the U. S. government. The delegation expressed the opinion that the recent unpublished letter from the attorney general to Governor Ames, referring entirely to their troubles and the inability of the state government to prevent them, would, if published, have a favorable effect. Upon advice of the attorney general the delegation will return to Mississippi and confer further with Gov. Ames and ascertain what they can do in their own support. A report of the result of this conference is expected and may probably be made a subject for consideration at an early cabinet meeting.

BY ATLANTIC CABLE.

The Rebellion in Herzegovina.

CONSTANTINOPLE, Sept. 15.—The latest official advices from Herzegovina state that the insurgents appear willing to negotiate with consuls. There have been no offensive movements for several days.

LONDON, Sept. 15.—The *Times* publishes a telegram from Vienna, which contains the following: However contradictory the accounts may be of the recent skirmishes, two facts are undoubted—first, that the Turks traverse the country in every direction, their object being to open communications and relieve and strengthen more exposed military fortifications and positions. This has been thoroughly done at Bilck and Trebigne, and from the latter to the Austrian frontier and down the Sutterim, communication has been opened and the block houses repaired and garrisoned. So much has been made of the taking and burning of these block houses that it may be as well to mention that they are simply well built guard houses, and contain only a garrison of from four to ten men with a commissioned officer. The other indisputable fact is that as soon as an insurgent force leaves the mountains, the Turkish forces are at once after it, and dispose of it easily, if they reach it. Of course, the difficult work remains in dislodging the insurgents from their mountain strongholds, but the approaching winter will soon make their positions untenable. As for prospects of assistance, they become fainter as circumstances favor the mission of peace of the consular commission.

A Berlin special says the recent success of the insurgents renders the continuance of the guerrilla warfare until spring possible. In such case it will be difficult to restrain the Servians from participating. Austria, with an eye to these points, has issued orders regulating the supply of horses in the event of mobilization.

London Stock Market.

NEW YORK, Sept. 15.—A dispatch from London says the dullness which prevailed yesterday in the market for American securities continues to-day. While a slight concession in prices is observable the general markets are flat. Five-twenties of '67 declined one-eighth per cent., and U. S. fives, new, were quoted at 105.

St. Leger Races.

LONDON, Sept 15.—The great race for the St. Leger stakes at the Doncaster September meeting to-day, was very exciting, and was won by Craigmillar; Balfe second, Earl Dartrey third.

Spain and the Holy See.

LONDON, Sept. 15.—A Madrid correspondent of the *Times* summarizes the circular of the papal nuncio to the bishops as follows: The nuncio claims the fulfillment of the concordat which forbids the exercise of any non-catholic creed, requires the transfer of superintendents over education to the clergy and, pledges the co-operation of the secular power in suppressing heretical teaching and literature. He says one of the causes of civil war is the way in which religious unity has been misunderstood by previous governments. For these reasons, and in view of these consequences, the Holy See believes itself strictly obliged to present these observations to the government. The *Times'* correspondent argues that there is no doubt the presentation of this address at the time when a liberal candidate has just been installed implies a threat that if the government reject it the blessing of the Church will be definitely transferred to Don Carlos and peace retarded in every possible way.

THE GREAT SCULL RACE IN PENNSYLVANIA.—Pittsburgh, Pa., Sept. 11.—The scull race between Evan Morris and Henry Coulter for the championship of America and $1,000 proved one of the best races ever rowed. Both men were in excellent condition, and the result was regarded beforehand as a fair test of the prowess of the two men with the oar. It was a fair race throughout, and the result was extraordinary time and the crowning of Morris as champion of America. Fully 10,000 people witnessed the contest, which was rowed opposite Hulton on the Alleghany river, ten miles from here. The referee announced the time to be thirty-seven minutes, but several stop-watches put it down to thirty-six minutes and twenty-six seconds. This is extraordinary time, since it is stated by parties who ought to know that the course is a little over five miles.

A DEFAULTING OFFICIAL ARRESTED.—Chicago, Sept. 2.—John W. McDonald, formerly judge of the court of Harris county, Texas, was arrested in this city morning by S. S. Ashe, sheriff of Harris county, upon a warrant issued by Gov. Beveridge upon the requisition of the governor of Texas. The requisition charges McDonald with the crime of forgery, but Sheriff Ashe says there are several indictments against him for embezzlement of the public funds while in office. McDonald fled from Houston in 1873, and went to Denver, where he was near being caught. Thence it would seem he came to Chicago and engaged in business. It is understood his wife was keeping a business on the west side under the name of Dr. Cleveland. McDonald is a man of prepossessing appearance and an old citizen of the south, where he is well known.

The Brooklyn Republicans have a clear appreciation of the situation. In their convention, on September 2d they adopted the following resolution without a dissenting voice:

Resolved, That the crying evil of the times is dishonesty in official positions; that we rejoice at every attempt made in good faith to unearth and punish corruption in the administration of government, whether national, state or municipal; and we urge upon the people, as the only sure safeguard, that they elevate no men to office but those of known and tried integrity.

PACIFIC COAST NEWS.

CALIFORNIA.

Active Demand for Money.

SAN FRANCISCO, Sept. 15.—There is a very active demand for money, which banks are unable adequately to supply. The National Gold Bank and Trust Company had $150,000 coin transferred to-day through the office of the sub-treasurer, and considerable amounts are reported to have arrived or are close at hand from New York to the Bank of California and Hibernia bank. The First National Bank is now doing a very satisfactory business, and officers apprehend no diminution of patronage on account of the recent temporary suspension. Arrangements will soon be in progress for increasing its capital stock, and on the first of January it is intended to have a capital of two millions.

Lively Business in the Stocks.

Business in the California Stock Board was very lively to-day, showing marked improvement both in the volume of transactions and prices realized. The increased business of this board will probably have the effect to hasten the opening of the other boards, which are expected to resume business in about two weeks. Sales on the street were spirited to-day, and the vicinity of the board rooms begins to wear an appearance similar to that before the panic.

Greenbacks, 86 buying, 86½ selling.

California State Fair.

SAN FRANCISCO, Sept. 15.—The state fair at Sacramento opened to-day with a good attendance. The managers anticipate a successful exhibition. The fair will be continued 10 days. Gen. Sheridan is expected to be present next week.

NEVADA.

The Indian War Humbug.

WINNEMUCCA, Sept. 15.—Natchez, Piute chief, who has been hunting at Big Meadows since the cry of war was raised by Murphy and Cleveland in the eastern part of the state, arrived here to-day. Being asked if he knew anything about the reported Indian outbreak near Cherry Creek, he answered that he had been told all about it by Shoshones. He says there was no danger of war, as the Indians did not want to fight. The Shoshones had told him the Indians were not on the war-path, and that all reports to the contrary were false. "May be (said the chief, who is one of the shrewdest of his race), some white men wanted to sell hay, barley and beef, and heap like to have soldiers come buy them. They heap talk, and make believe Indians want to kill white men, but all damn lie."

BRITISH COLUMBIA.

A chaingang has been instituted at Nanaimo composed of city prisoners.

The steamships arriving at Victoria from San Francisco have large passenger lists.

The *Colonist* says: The Behrens' Island lighthouse will be ready for service in about a week's time.

The N. W. *Herald* says that Mr. Dickinson is going to "fight to the end." Which end? There are always two to everything.

A man who was employed at Mr. George Stelley's farm, South Saanich, and a recent arrival in the province, shot himself on Saturday morning last. He appeared to be subject to lunatic fits.

The London correspondent of the *Scotsman* says that Lord Dufferin intends next spring to cross the American continent by the Pacific railway, and to visit Vancouver Island and British Columbia.

The railway line is located to beyond Colwood farm, and preliminary or trail lines are run all the way from that to Goldstream. Work is being pushed vigorously by a large staff of men around the south side of Langford lake.

The French residents of Victoria have tendered a public dinner to the captain commanding and officers of the French man-of-war *Volta*, through Messrs. C. Lombard and L. Lucas. The commander and officers accepted the invitation with thanks.

The Victoria *Standard* says: "Mr. Harmon, the submarine diver engaged in the removal of the Beaver Rock, Victoria harbor, yesterday took from the bed of the harbor several immense oysters, which may be seen at Frank Campbell's corner, and at Messrs. Levy's oyster saloon. They measure about seven inches in diameter, and weigh from 2½ to 3 pounds each. They attract much attention as they are the first of the species, we believe, found here. They are worthy Mr. Richardson's collection at the Montreal museum and the Philadelphia centennial.

OREGON.

The congressional candidates will speak at Eugene on Saturday of this week.

The sunshine this week has been worth tens of thousands of dollars to the farmers of Oregon.

The *Statesman* reports the finding of the body of a drowned man a few miles below Salem, but gives no particulars.

Messrs. E. & J. Burnes' farm of 70 acres, located four miles northwest of Gervais, produced 2,865 bushels of wheat for the harvest of 1875.

A Polk county lad was trying to ride on an ox, a few days ago, but Rockwell hadn't trained the animal, and the boy goes with his arm in a sling.

Columbia county wants to know if she is going to be slighted by the aspirants for congressional honors, as she is left off the list of appointments for speaking.

According to the official reports to the surgeon-general of the United States army, the deaths from fever at the military posts in Oregon compare with those at other posts in the country as follows: In Oregon, 1 death in 520; New England, 1 in 283; southern frontier of Texas, 1 in 67; New York harbor, 1 in 60.

THE SCOURGE OF THE GRAPEVINE.—A greater scourge to the grapevine probably never made its appearance than the little insect known as the phylloxera. In France and Germany it is laying waste the vineyards in whole sections, and nothing has been found to stop or even check, to any extent, its ravages. Up to this time, California has been exempt from this pest to the great wine interest, but from present indications this exemption is at an end. At the meeting of the State Vine Growers' and Wine and Brandy Manufacturers' Association, held in San Francisco some time since, reports from all the principal wine-growing districts showed that the presence of this little insect has been recognized in them all. In some vineyards considerable damage has already been done, while in others they have not as yet produced much noticeable impression. We notice also that at the meeting of the Napa and Sonoma Vine Growers' Association, lately held at Sonoma, the subject of the ravage of this insect and remedies for the same formed the principal matter of discussion.

THE MISSOURI BRIDGE AT KANSAS.—At the celebration in honor of the completion of the Missouri river bridge, at Atchison, Ks., Sept. 3d, there was the largest assemblage of people ever known in the Missouri valley, and the most brilliant and imposing demonstration ever witnessed in that section of the country. The excursion train on the Atchison and Nebraska railroad, met with a serious accident on the down trip. When about seven miles from Atchison, the truck under the tender broke, and the baggage car and two passenger cars ran off the track. Several men were on the platform, and jumped to the ground, and two of them, Edward Macomber and Charles Lawrey, both of Lincoln, were caught under the car and killed.

A boy named Francis Rapp, aged 14 years, at Baltimore, on the 2d instant, struck another lad in the stomach with his fist, and the latter died from the effects of the blow within ten minutes.

A DEPARTED "SAINT."

DEATH OF ONE OF THE AUTHORS OF THE MORMON BIBLE.

The Cincinnati *Commercial* says:

"Martin Harris, of the 'Church of Jesus Christ of the Latter Day Saints,' has just departed this life at Clarkston, Utah, at the advanced age of 92 years. Mr. Harris first appeared in print in 1830, at which time, in company with Oliver Coudery and David Whitmer, he subscribed to the solemn affirmation which appears on the title-page of the Mormon bible.

"Joseph Smith, the Palmyra impostor, having noticed Harris' relish for religious wonders, and his capacity for receiving and retaining all the bosh that folly and knavery could furnish, took it into his head to use Harris in the matter of getting up a new religion. Harris had seen the devil in a dug way near Palmyra, and his contest with that distinguished personage had so improved his swallowing apparatus that Joe Smith's angels, revelations, Golden Bible, sword of Laban, etc., went down at a single gulp. He had been something of a Friend, then a Wesleyan, then a Baptist, afterward a Presbyterian; and if not halted by the Mormon fraud, he would, in all probability, have gone the round through all existing sectaries. Having advanced fifty dollars and accepted the position of scribe to Joseph, he found himself fully committed to the fullness of the gospel, and earnestly proclaimed whatever foolishness or blasphemy Joe might put into him. Mrs. Harris, knowing her husband's credulity and Smith's trickery, did all she could to stop the expenditure of money; but Smith not only plied Harris with 'revelations,' but explained the certainty of making a spec out of the publication of the manuscripts. An edition of five thousand would cost, say $3,000. Joseph had a revelation that the books would sell for $1.25 each, and he went on to assure his victim that there was a chance to clear $3,250. Mrs. Harris objected; Harris explained the gain to be derived from the investment; she railed at his folly, and, getting hold of the manuscript, burned 'the mere history part' of Lehi. Harris quarreled with and beat her; they separated; and Smith got his Golden Bible printed at the expense of Harris. Any other knave than Joe Smith would have been backed out by the burning of Lehi by Mrs. Harris, but, as Joe told Ingersoll, 'he had the fools into it, and he proposed to put it through.' So, with promises of advancement to Harris, he had a 'revelation' that his father (old man Smith) should help sell the bibles. But the old man was arrested with a basket full of bibles, and to pay costs he had 'to cut' on the Lord's price ($1 25) and sell the lot for eighty cents apiece! This interfered with prior 'revelations' given in favor of Harris, and troubles increasing, Smith, Harris, Coudery and the Whitmers cleared out for Kirtland, Ohio. Here the 'Twelve Apostles' were appointed—Harris being left out; but as he still had some money, a little honesty and increased capacity for credulous business, Smith smoothed him with new promises and daily revelations. In 1833 the Mormons in Jackson county, Missouri, having excited the wrath of the Jacksonians by their immoralities and fanatical insolence, were ordered out of the state. On learning this, Joe Smith, Harris, and perhaps 200 others, started for Missouri to 'redeem Zion.' On the way they ran into the cholera; and notwithstanding Harris was saved, *in articulo mortis*, by divine interposition, twenty of the saints turned their toes to the lilies, in spite of Joseph's 'laying on of hands.' In Missouri, Bishop Patridge succeeded in getting old Harris to advance $1,200 more to purchase land on which to establish Zion—Zion never to be removed. Too many birds of a feather having got together, Joseph found he had his hands full in trying to settle the difficulties which beset the church without and within. Many of the saints were whipped, jailed and shot for bad conduct, and some of the chiefest among the apostles were turned against the prophet. Coudery and Whitmer, two of the witnesses were 'cut off' for lying, thieving, counterfeiting, etc.; and the brethren mooted it openly that Joseph was bad—real bad. Some of the sisters said so, and Coudery believed it. Coudery and Whitmer were turned over to Satan. Poor Harris, who had helped Joseph to get up the Mormon business, lost $3,000 in the bible investment, and had recently lent the Lord $1,200 to fix the foundations of the Zion, did not escape the troubles which excessive piety had brought upon the brethren. In company with Parish, who had been charged with swindling, Harris was kicked out of the camp of Israel. His earnestness and ignorance had served Joseph to their full extent; his money was gone, and he was named among the 'negroes with white skins,' and the prophet posted him publicly as a 'lackey,' one so far beneath contempt that to notice him would be a sacrifice too great for a gentleman like himself (Smith) to make!

"Packing his valise, he cut sticks for Kirtland, where he lived unto 1870, when he went to Utah and ended a miserable life, raving in his last delirium over the Book of Mormon—witnesses, facts and fictions of the most deplorable fraud recorded in history. Never was credulity or avarice more useful in a bad way, or knavery more successful than in the lives of Joe Smith and Martin Harris."

HOW TRUFFLES DID IT.

I returned to Ashville after an absence of three years and found my friend Truffles grown fat and jovial, with a face the very mirror of peace and self-satisfaction. Truffles was the village baker, and he was not like this when I went away.

"Truffles," said I, "how is it? You have improved."

"Improved! How?"

"Why, in every way. What have you been doing?"

Just then a little girl came in with a tattered shawl and barefooted, to whom Truffles gave a loaf of bread. "Oh, dear, Mr. Truffles," the child said, with brimming eyes, as she took the loaf of bread, "mamma is getting better, and she says she owes so much to you. She blesses you, indeed she does."

"That's one of the things I've been doing," he said, after the child had gone.

"You are giving the suffering family bread?" I queried.

"Yes."

"Have you any more cases like that?"

"Yes, three or four of them. I give them a loaf a day—enough to feed them."

"And you take no pay?"

"Not from them."

"Ah! from the town?"

"No; here," said Truffles, laying his hand on his breast. "I'll tell you," he added, smiling. "One day, over a year ago, a poor woman came to me and asked for a loaf of bread, for which she could not pay—she wanted it for her poor suffering children. At first I hesitated, but finally I gave it to her, and as her blessing rang in my ears after she had gone I felt my heart grow warm. Times were hard, and there was a good deal of suffering, and I found myself wishing, by and by, that I could afford to give away more bread. At length an idea struck me. I'd stop drinking and give that amount away in bread, adding one or two loaves on my own account. I did it, and it's been a blessing to me. My heart has grown bigger, and I've grown better every way. My sleep is sound and sweet, and my dreams are pleasant. And that's what you see, I suppose."—*N. Y. Observer.*

On the last up trip of the bark *Harvest Home*, 100 cases, containing 1,000 gallons of coal oil, were brought from San Francisco for New Westminster. They were taken over to Victoria and the oil, not being up to the required standard, was sent back to Seattle on the *North Pacific*. What will be done with it will be for the San Francisco shipper to decide.

THE TERRITORIES.

Lumber is being got on the ground for a large hotel at Seattle.

The steamer *Phantom* has commenced running between Port Ludlow and Port Townsend.

Fifteen hundred dollars were raised at Seattle, the other day, to relieve the Baptist church of that place of debt.

The steamship *Salvador*, on her way from Victoria to the Sound on Wednesday, last week, broke some part of her machinery and had to lie at Port Townsend for temporary repairs.

A special city election will be held in Olympia next Thursday, to vote upon the question of a special tax of two and one-half mills on the dollar, for the construction of a wharf to deep water.

The number of vessels entering and clearing at the custom house for Puget Sound district during the month of August was as follows: Vessels entered, 41—17,137 tons; vessels cleared, 32—12,379 tons. Total, 73—29,516 tons.

"Three families," says the Seattle *Tribune*, "just from Illinois, will go down on the schooner *L. J. Perry*, to locate on the farming lands of the Stilligoamish. They announce themselves the forerunners of 100 families from the same section."

A young lady, of the Puyallup valley, over whose head sixteen summers have barely passed, has recently picked 23 bushels of hops in one day. We would style this "handsome picking;" besides this, the young lady will never have the consumption.

The Vancouver *Independent* says: "John Cradelbaugh, Esq., lately returned from the Silver Star mines, reports the galena prospect as good as ever. In consequence of the caving of one wall of the ledge, work for the present has been suspended. Both walls of the ledge are now clearly defined and the prospect is good for the ultimate discovery of paying ore in large quantities. Work will doubtless be resumed at an early day.

Just before her departure on her last trip up to Puget Sound, the *Salvador* advertised at San Francisco to take passengers to Victoria in the cabin for $5, and in the steerage for $3; to any port on Puget Sound $1 more; and to Nanaimo $10 in the cabin and $7 50 in the steerage. Tickets were sold from San Francisco to Portland for $12 50 first-class fares, and freights were taken at one-half the regular tariff. The *Pacific* advertised to take "passengers and freight lower than by any other line."

Peter Stanup, an Indian boy on the Puyallup reservation thus writes to the Seattle *Tribune*: "The Indians on this reservation have been having court last Monday and Saturday. The first case that was tried is one young fellow run away with one girl. But the girl was his wife before. And they (the farmer in charge and the chiefs) just have him married again. The second was another fellow do the same thing as the above fellow. He has a wife to which he was married but he tried to get another one. The jury told him to go back to his right wife, and so he went back, and it is all right now. The third case was another young fellow got into trouble with his wife. The judge said he ought to go to jail, and if he do not want to go to jail he must pay one hundred dollars. He gave twenty dollars in coin, and one horse for eighty dollars. Before the court commenced yesterday, he said he would rather go back than to give so much. And so he went back to his wife now."

TO FARMERS AND MECHANICS.

The New York *Herald* has addressed some thoughts to the farmers and mechanics of Ohio, which may be read with advantage throughout the Union, as the subject is one on which the entire country will, in all probability, be called upon, within a short period, to express an opinion at the polls. Says the *Herald*:

Governor Allen and his fellow Democrats are going about Ohio telling the mechanics and farmers that what is needed is "more money,"—an inflation of the currency, more irredeemable promises to pay dollars. They do not tell them how "more money" of this kind is to be got into the pockets of the mechanics and farmers, nor, indeed, into anybody else's pockets. They are promising what they know they cannot perform. In plain words, they are committing a fraud upon the people they address. If Gov. Allen were president to-day, and Gen. Carey secretary of the treasury, and the Hon. Wm. D. Kelley superintendent of the government shinplaster mill, all three together could not get out a single cent "more money," could not inflate the currency to the amount of a dime, unless they got up a foreign war or did something else to create expenditures beyond the revenues. They might spend their days and nights over the paper mill and the greenback presses, and might fill the treasury building with greenbacks; but for what are they to pay them out, unless they run the country into some costly war or other enterprise?

"Oh, but they might pay off the bonds with greenbacks." True enough; they might cheat the nation's creditors—the "bloated bondholders." Well, let us see who would suffer first. Almost every provident farmer and thrifty mechanic in these days insures his life. Now, the life insurance companies invest their means very largely in United States bonds. When they pay losses they pay them out of the proceeds of such bonds. Pay off the bonds in greenbacks, make them worthless, that is to say, and you break every life insurance company in the country. The companies in this state alone hold over twenty-two millions of such bonds. The mere threat to destroy their value impairs the security on which every insured person depends as a provision for his wife and children in case of his death. What brilliant statesmen these Ohio Democrats are, to persuade the people to cheat their widows and orphans!

Again, farmers and mechanics are the most numerous depositors in the savings banks of the country. But the savings banks also invest their deposits largely in United States bonds. Make these worthless and you break every savings bank in the country: you rob every depositor of his savings. In this state alone the savings banks hold nearly fifty-eight millions of United States bonds. In Ohio they hold also a great many millions. But these Ohio Democratic statesmen want these "bloated bondholders" paid off in greenbacks. They have the audacity to ask the farmers and mechanics, to swindle themselves out of their hard-earned savings. It seems a pity not to elect such brilliant statesmen.

THE SEATTLE COAL TRADE.

During the month of August, 1875, the Seattle Coal and Transportation company sent to San Francisco seven cargoes of coal, aggregating 7,004 tons; the Renton company sent two cargoes of 650 tons, and the Talbot company one of 375 tons. Total, ten cargoes and 8,029 tons of coal.

From the beginning of the present year to the 1st of September—eight months—the entire shipments of the three companies aggregated the handsome amount of 21,421 tons, shipped by fifty vessels. Of this immense quantity the Talbot company sent 1,889 tons, the Renton company 7,081 tons, and the Seattle company 32,841 tons.

Besides that included in this report, a great quantity of coal has been otherwise disposed of, especially by the Talbot company, the sales of which have been three times as much at Seattle as have been their exports to San Francisco.

The shipments for the whole year 1875 may now safely be estimated at 75,000 tons.—*Tribune.*

Hassalo Lodge No. 15, I. O. O. F.—Meets every Friday evening at 8 o'clock, in Odd Fellows Temple, corner First and Alder streets. Members of the Order are invited to attend. By order of N. G

Harmony Encampment No. 4, C. of R. C.—Meets Tuesday Evenings at Good Templars' Hall, corner Third and Alder streets, at 7½ o'clock.

POLITICAL DISCUSSION.

Henry Warren, Republican candidate for Congress, will address his fellow citizens at the following times and places, to-wit:

Roseburg, Sept. 16, at 1 o'clock P. M.
Eugene City, Sept. 18, at 1 P. M.
Albany, Sept. 21, at 1 P. M.
Corvallis, Sept. 22, at 1 P. M.
Dallas, Sept. 23, at 1 P. M.
Lafayette, Sept. 25, at 1 P. M.
Hillsboro, Sept. 27, at 1 P. M.
Oregon City, Sept. 29, at 1 P. M.
Salem, Sept. 30, at 1 P. M.
Portland, Oct. 2, at 7 P. P.
Astoria, Oct. 4, at 7 P. M.
Dalles, Oct. 7, at 1 P. M.
Pendleton, Oct. 11, at 1 P. M.
Weston, Oct. 12, at 1 P. M.
LaGrande, Oct. 15, at 1 P. M.
Baker City, Oct. 18, at 1 P. M.
Canyon City, Oct. 21, at 1 P. M.

Opposing candidates are invited to be present and join in the canvass.

THURSDAY MORNING, SEPT. 16, 1875.

THE LESSON OF THE MAINE ELECTION.

The Maine campaign was conducted on the side of the Republicans, almost wholly upon the issues that were fought out in the war. The commercial situation in that state made it impossible to bring in local questions to influence the result, and national politics was treated from the standpoint of war times. The result is known, and ought to be heeded. The people of the United States have resolved, so far as possible, to forget the bitter past and be friends, and it is beyond the power of any number of politicians to shake that resolution. Whatever has been left unsettled by the arbitrament of the sword, will be met and settled in peaceful ways when it comes up in its natural order; but that which has been settled is not to be reopened. The unity of the nation is conceded by all parties, and the terms of reproach that were used to designate those who opposed the war have lost their significance. Time has brought not only cooler judgment but clearer views of the motives that actuated men, and much that was regarded as crime in the highest moral sense, is now looked upon as merely stubborn and courageous adherence to erroneous opinions conscientiously entertained. It is useless, therefore, to endeavor to rekindle the bitter strife of that bitter period. It will not again take place, and it ought not. The political situation does not demand it, and certainly society in its personal aspects will receive nothing but unmixed harm from all attempts to revive the happily dead issue. Rather should all assist in burying it out of sight.

It is not too late for Republicans in Oregon to profit by the lesson of the contest in Maine. There appears to be a disposition in some quarters to pursue the same course here that ended in little short of the wiping out the Republican majority there. It may be thought presumption for us, standing aloof from the party organization, and supporting its candidate for Congress from an independent position, to tender advice; but it often happens that those not so closely connected with a campaign are better qualified to judge of the policy of the manner in which it is conducted than they who manage it. At all events, supporting the Republican candidate, we venture to make the suggestion to him, that he will gain nothing, if indeed he do not injure his chances, by reviving the issue that was settled at untold cost ten years ago and more. Let him ask himself what class of voters he will secure by that course whom he would not get if he let by-gones be by-gones, and surely he will see at once that he will lose nothing and may gain much by making the canvass upon which he has just set out, on living issues. The common school question, for instance, may cost Lane a good many votes of men who have hitherto been consistent Democrats, unless its natural and legitimate operation in the election shall be thwarted by the lugging into the canvass of matters that have no relation to the present wants of the people.

AN INTERESTING DISCOVERY.

A recent discovery in West Virginia opens a new field to scientists, or rather brings to light a very important fact to be used in their explorations of an old field. An ancient road is reported to have been found lying along the Monongahela river, and has been traced for a considerable distance. In some places it has been cut away by the changing of the bed of the stream, and all the way it has been buried up with earth and decayed vegetable matter, but those who have examined say there is no room to doubt that it was once a well graded and paved way equal to the modern macadamized road. There has been no such road in that locality since the settlement of the continent by Europeans, and it is supposed from the formation on this highway and at the banks of the river where the stream now occupies the site of the road, that its construction dates back some thousands of years. This is a more interesting relic of the prehistoric race that occupied the American continent than any before discovered, not excepting the mounds and tombs of the Ohio valley. It speaks not merely of a race of people before the present, but of a high state of civilization. Savages do not build roads. They make weapons of flint and stone, they build fortifications for defense and rude houses for shelter, and devise means to take their prey from the beasts of the field; but the construction of roads is the work of civilized man. If there were no other monument of the civilization of ancient Rome the *Appia Via* would tell the whole story. If this reported discovery shall be verified upon careful investigation, the question of the existence of a prehistoric civilization in this country will be settled beyond controversy.

AN IMPORTNAT ADMISSION.

The St. Paul *Pioneer Press* wants the Indians turned over to the War Department, asserting that the "Peace Policy" has proved a total failure, but at the same time making the admission that whenever honest and capable men have been entrusted with the Indian agencies, they have made the "peace policy" a success. That admission, from an anti-Peace policy advocate, carries the entire case with it, because it shows that it is not the plan, but the manner of carrying it out, that is at fault. All that is wanted to make the "Peace Policy" such a success as the War Department policy never could become, under any circumstances, is a little more care in the selection of agents and employes, and a little judicious decapitation in the Department of the Interior. Any branch of the public service which presents so many opportunities and so strong inducements to dishonest practices, would be just as corrupt as the management of Indian affairs has become, if it were farmed out to small politicians and speculators. If the Secretary of the Interior wishes to make the present system a success he can do so; and if the President wishes to have a Secretary who *will* make it a success he can do that. That is all involved in the admission of the *Pioneer Press* that the plan works well in honest hands.

GOOD OUT OF NAZARETH.

A proposition has been brought forward by the Democrats in the North Carolina Constitutional Convention to make the payment of poll-tax a condition precedent to the right to vote. That is right. Every man should contribute something to the support of the government under which he lives and by which he is protected. Protection of personal rights is not made dependent on the payment of property tax. It is guarantied as well to the man who has no property as the rich man. Why then should not every man be required to help maintain the government? Age or infirmity is a good excuse from the burdens of citizenship, but poverty alone is not, for any industrious man can pay a poll-tax. The community should require thus much of every member who claims all the rights and immunities of citizenship, and, to make the requirement effectual, should insist upon it as a condition precedent. And if by the enforcement of that just and politic rule the number of voters should be diminished, no intelligent person would consider that republican institutions had suffered a breach or the best interests of society been periled.

Our neighbor of the *Evening Journal* has a singular way of reasoning. He concludes that if there is a moral and political statute of limitations which entitles a person to exemption from criticism for a blunder committed 20 years before it is objected to, it follows as a logical deduction that a series of high crimes commenced 13 years back and continuing down to date are also entitled to the benefit of a charitable oblivion. It is not surprising that a person whose reasoning powers come no nearer to a focus than that, should find some ground to prefer Lane to Warren for congressman.

Frank Moulton is one of the kind that is not cast out by the ordinary processes of exorcism. Whether he could be induced to go into a lot of swine and then be crowded into the sea does not appear. Certes, he would not get into much worse company. District Attorney Britton has the last say on him, however, with regard to the criminal prosecutions for libel, and may enter a *nolle* in spite of Mr. Moulton's objection, if he chooses, and, we dare say, all Plymouth church, and especially its pastor, would be extremely gratified to see him exercise that prerogative.

An old letter of Gen. Lane's, addressed to the people of Oregon, from Washington city, in January, 1859, which makes seven pages of ordinary pamphlet printed, has been laid on our table. We see nothing particlarly remarkable in it, except the excessive modesty which pervades its style, the first personal pronoun "I" occurring only *one hundred and thirty times*. It is to be hoped Lafayette has not inherited the modesty of his venerable sire.

The Washington *Chronicle* is discussing the question whether the conventions which took the Southern States out of the Union in 1861 faithfully represented the sentiments and wishes of the people. Clearly, another case of ox-tail soup.

The literary papers have not yet got through with Tennyson's drama. They are, however, uncommonly unanimous, for literary people, in the opinion that the reputation of the poet is in no way improved by the work.

Another international rifle match is to take place this fall. A team from the Amateur Rifle Club are to shoot a match with a team from the Ontario Rifle Association at Creedmoor, on the 25th instant.

Among the nine amendments to the constitution of Maine which were ratified by the people last Monday is one which makes all police and municipal judges appointed instead of elective officers.

Just see how quickly the heads of the two U. S. Gaugers went off when they were caught in too close relationship with the crooked whisky men. That is the way to purify the civil service.

Alexander H. Stephens is talked of for an Independent candidate for Governor of Georgia.

DIED:

In this city, Sept. 15th, Banks, son of W. H. D. and Annie Joyce, aged 10 years.

Funeral from Taylor street M. E. church, at 2:30 o'clock this afternoon. Friends of the family invited to attend.

Near Walla Walla, Sept. 6, Albert G., son of J. M. and M. R. Millican, aged 1 year and 3 months.

At Willow Forks, Aug. 22, Walter, son of J. W. and Adeline Marquis, aged 16 months.

At Walla Walla, Sept. 10, Maria L. Felt, wife of Ira W. Felt, of San Francisco, aged 43 years.

Mrs. Felt was a native of Pennsylvania, removed to Indiana while young, and thence to California in 1854. She was traveling with her husband for the benefit of her health, and had reached Walla Walla when she was taken with her last illness. During her stay she had made many kind friends, who paid her every attention while living and deeply sympathized with her husband in his bereavement. Her remains were escorted to the railway station by the Odd Fellows of Walla Walla, and arrived here last evening. They will be taken to San Francisco on the *Oriflamme* and be interred under the auspices of Templar Lodge No. 17. Mrs. Felt had many friends in this city and on the coast who will mourn her loss.

At the Oregonian Office.

LIGHT! LIGHT! LIGHT!

HAVING ACCEPTED THE AGENCY OF the Celebrated
SPRINGFIELD GAS MACHINE,
We are prepared to furnish Machines of all sizes for lighting
Hotels, Churches, Public Buildings or Private Residences.
Over 1,000 Testimonials
Attest the Superiority of the
SPRINGFIELD GAS MACHINE
OVER ANY OTHER NOW IN USE.

They are simple in construction, not liable to get out of order, require no skill to manage, are

Made Entirely of Copper,

And are substantial and durable. They occupy but little space, can be set up at little expense, and are equally adapted for lighting the largest Hotel or the smallest Dwelling. They are no new or untried Machine, but, Winter and Summer, have been in constant use all through the United States for over seven years.

☞ No fire is used in manufacturing the Gas and buildings lighted by it are insured at the same rate as though coal gas was used.

☞ The cost of Gas made by this Machine will not exceed $1 50 to $2 50 per thousand feet.

We invite correspondence from those building or contemplating the introduction of Gas, and will send, on application, catalogue, with full cuts and explanations of the workings of the Machines, and hundreds of testimonials to its superiority over any other Machine now in use.

We also invite attention to our full and complete line of

GAS FIXTURES,

Embracing the newest styles of CHANDELIERS, BRACKETS, PENDANTS, etc. Our prices are as low and our goods superior to any in the market.

We shall be glad to correspond on the subject of introducing Gas, and to have parties call and examine our Machine and Fixtures.

NYE & ACHESON,
315 and 317 Pine Street, San Francisco,
Sole Agents for the Springfield Gas Machine for California and Pacific Coast.

RUBBER PAINT.

RUBBER PAINT MANUFACTURED BY THE PACIFIC RUBBER PAINT CO. OF SAN FRANCISCO, CAL. Patented June 29, 1869, April 4, 1871.

Best Paint in the World.

Flows from the Brush freely. Works easily, and will not Wash, Crack or Peel off, and Dries with a Fine Gloss.

"RUBBER PAINT" Will Cover more Surface; Cover it Better and Last Longer than Lead and Oil, and is Guaranteed to be Superior to any CHEMICAL PAINT of any kind whatsoever.

The Solicitors and Agents of other Paints have represented that our Patents are worthless, and that dealers would lay themselves liable to prosecution and damages. These reports are simply an

UNSCRUPULOUS ADVERTISING DODGE.

In reply, we guarantee all who handle our Goods, to the fullest extent against any trouble or interference. We also guarantee our Paint to be

TWENTY-FIVE PER CENT. CHEAPER

In covering than the Averill Chemical Paint; and further guarantee that it will

LAST TWICE AS LONG,

Without Chalking, Cracking or Peeling off, of which we have abundant proof. By calling at our Office, we will refer to buildings painted with Averill Chemical Paint within 26 months which are chalking and cracking off—a part of the buildings one color and a part another color, NOTWITHSTANDING THE PROPRIETORS CLAIM IT WILL DO NEITHER.

LOTS AND BLOCKS FOR SALE
IN THE
West Portland Homestead Association.
Lots from $75 to $150, according to Locality.

ALSO, HOMESTEAD LOTS AT $200 PER ACRE, within 20 minutes' walk of the Court House, or business portion of the city, where there is pure water, pure air, no ague, no city taxes and no nuisances. Blocks sold on the installment plan. We give a great deal of ground to the acre, too. We give 213 feet square to the acre on the surface, running a little over four thousand miles down to the foot of China, and all for $200. This land was never made for that price, and if the man who made it pays any attention to terrestrial affairs, he must feel very bad to see the fruits of his labor sell so much below first cost. Title perfect. A warrantee deed from the foot of China to the top of the skies, and Uncle Sam's patent to back us.
For particulars see
DeLASHMUTT & OATMAN,
Retail Bankers.
s6d1m Or C. M. CARTER.

The Daily Oregonian.

THURSDAY MORNING, SEPT 16, 1875

CITY.

INSTITUTE FOR THE BLIND.—Our Salem correspondent writes as follows of the above institution "As already noticed in the columns of the OREGONIAN the State Institute for the Education of the Blind will open the first Monday in October The large and elegant residence known as the old L N Cooke place, on the bank of the river has been engaged for the coming year and the pupils will be under the care of Dr and Mrs E Y Chase of this city who will have charge of them under the supervision of the board appointed by the state legislature The doctor and his estimable lady are universally considered the right people in the right place and the unfortunate persons under their charge will undoubtedly receive the very best of care and attention Prof Kaiser, of the New York City Institute for the Blind, has been engaged as teacher He comes hither highly recommended and will at once enter upon his duties. Miss Simpson, the former preceptress, has resigned and gone East. The appropriation being very small, the board feel justified in taking only seven boarders at the expense of the state, and the class in attendance last season will probably attend during the coming year. The building and grounds engaged for the ensuing year are among the most pleasant in the city and their surroundings will be comfortable in the extreme. Rev J H Babcock will, as usual exert himself in their behalf and give them all the assistance in his power, having had considerable experience with those similarly afflicted Altogether we can but think the blind of our state are very fortunate in the arrangements made for their personal comfort and educational advantages "

BOY DROWNED.—About 5 o clock last evening Walter Banks Joyce, a little son of W H D Joyce, of this city, was drowned in the river opposite the sawmill of Messrs Estes & Carter The lad was aged 10 years At the time of the fatal occurrence Banks was in swimming at the point mentioned He leaped from one of the logs some distance from the shore and dove from sight Failing to rise to the surface after a reasonable time, his companions became frightened and gave the alarm. Search was immediately made, but no traces could be found of the missing boy There was a clear place in the boom several yards square where the boy dove, and it is supposed that he was drifted under the logs and drowned Soon after the sad occurrence the parents of the boy were apprised of the startling event. Grappling irons were speedily procured, and search made for the body Up to the time darkness set in last evening the body had not been recovered The afflicted parents have the sympathies of the entire community in their sad bereavement

N B.—Since writing the above the body has been recovered. Funeral will take place to-day from the residence of the parents.

DIED SUDDENLY.—John Shanks, a well known resident of this city died very suddenly yesterday morning at the New York hotel He had been drinking to excess for some time, and his condition was such as to cause his friends some anxiety On Tuesday and Tuesday night he was about as usual, although suffering considerably from the effects of a recent spree. He rose yesterday morning apparently in his usual health and dressed himself. Soon after Shanks stepped into the back yard when he was observed to stagger and suddenly fall forward Several persons came hastily to his assistance but before he could be carried into the house and placed on a bed, the vital spark of life was forever fled Shanks was a carpenter by occupation, and for a number of years was in the employ of the O S N Co. He was an industrious person and an excellent workman his principal failing being his habit to indulge to excess occasionally in strong drink He was about 40 years of age, and unmarried There will probably be an inquest held to-day

ROAD AND FERRY.—In speaking of the proposed improvement of the road between Vancouver and Portland, the Vancouver *Register* says "The road between Vancouver and Portland is to be improved. Judge Woodward accompanied by the county commissioners of Multnomah county, passed over it yesterday to inspect with reference to bridging and planking the worst portion through the bottom The balance of the road is of a gravelly nature and will need but little attention The ferry, *Salem No. 2*, will in a couple of weeks be withdrawn and the *Lunt Ladd* put on instead Timbers are being got out to build a new ferry boat especially for this place "

WANT OF JURISDICTION.—In the police court yesterday morning, the case of the State vs Wm Dreaning, accused of threatening to kill was called up for examination The counsel for defendant moved to dismiss the case on the ground that the police judge had no jurisdiction in the matter, as the offense was alleged to have been committed in East Portland The motion was argued at considerable length on both sides when the court sustained the motion and discharged the prisoner

ISINGLASS.—Mr J H Fisk has at his office a specimen of isinglass, which was recently discovered by L N Rhodes, of Ada county I T An immense ledge of isinglass has been found by him in the mountains near Horseshoe Bend, on Snake river The ledge is about thirty feet wide, and is encased in a wall of barren quartz and it is said to be one of the largest and most valuable discoveries of the kind ever made

WEATHER REPORT.—From the records of the U S Signal Station of Observation, Portland Oregon, September 15, 1875

	7 A M	2 P M	9 P M
Thermometer	63°	82°	68°
Wind direction	N	N W	N W
Wind velocity	3	6	2
Weather	Clear	Fair	Fair
Maximum temperature			83°

PRINTERS MEETING.—A general meeting of the printers is requested to be held to-day at 12 o clock, at the OREGONIAN office to take into consideration the final disposition of the picnic fund, and to receive reports of the various committees By request of OREGONIAN chapel.

TELEGRAPHIC REDUCTION.—Cable tariff from Portland to Great Britain and France has been reduced to 50 cents per word Name of place at which cablegram originates will be transmitted free Messages containing three words can be transmitted for the small sum of $1 50

GOLD HUNTERS.—A party started out yesterday to prospect for the precious metal in the Cascades. They intend to search for the auriferous deposits along the mountains for a hundred miles or more south of Mount Hood, and will be absent from the city some time

NEW PAPER.—The *Helper* is to be the title of a new paper which will soon be started in this city under the auspices of the Young Men s Christian Association Mr Cole Brown will have the immediate management of the publication

INVITED TO ATTEND.—We are requested to state that the pupils of the Hall street Sabbath school and the scholars of the Harrison street school are invited to attend the funeral services at the Taylor street church

AMUSEMENTS.

NEW MARKET THEATER.—To night this popular place of amusement will be thrown open to the public, on which occasion is to be presented for the first time in this city the beautiful drama in three acts of the Orphan Girl The entertainment will be conducted under the auspices of the Catholic Social Union and the proceeds donated to that organization Mr R C White has personal management of the affair, which is a sufficient guarantee that everything will pass off smoothly and to the satisfaction of all concerned Following the drama will be a beautiful and romantic tableau also a roaring farce entitled Bombastes Furioso " and concluding with character sketches, by Mr Frank McDermott A jammed house may be expected this evening Call early and secure your seats

OUT-DOOR SPORTS

Shooting and racing at the White House on Saturday A good afternoon s sport, with new attractions, will be furnished The drive out is a pleasant one and a large number will probably attend Mr C E Wheeler has taken charge He is highly spoken of as a caterer to the public.

COMMON COUNCIL.

REGULAR MEETING, SEPT 15, 1875

The common council met at their chamber—His Honor Jas A Chapman mayor in the chair

Present—Councilmen Catlin Hoyt Skidmore, Stemme and Wiles

Absent—Councilmen Besser Corbett Lyon and Thompson

In attendance—W S Caldwell auditor and clerk and Jas H Lappeus, chief of police

Proceedings of last meeting read and approved

[Councilman Lyon appeared and took his seat]

PETITIONS

A petition was read from A Bequette in relation to a patent method of which he claimed to be the inventor for constructing flouring mills and referred to the committee on streets and public property

[Councilman Corbett appeared and took his seat]

A remonstrance was read from J Myrick et al remonstrating against the improvement of of A street between Front and Park Referred to the committee on streets and public property

REPORTS

Chief Engineer Hallock submitted a brief report in which was included the bills of lading for the hose recently purchased for the city The report was referred to the committee on fire and water

CLAIMS

The following claims against the city were read and ordered paid W S Halpruner $67 76 Drew & Parker $1 401 30 W H Butts $190 02

ORDINANCES

Councilman Catlin introduced an ordinance making an appropriation of $48 for the relief of Thomas Frazer which was read second and third time and passed

An engrossed ordinance to provide for the more effective enforcement of the ordinance relating to the sale of intoxicating liquor, was taken from the table read third time and passed

RESOLUTIONS

Councilman Catlin offered the following resolution which was adopted

Resolved That the common council give notice of the proposed improvement of Montgomery street between Tenth and Thirteenth streets

On motion the council adjourned

BRIEF NOTES.

Cloudy last evening with indications of rain

Freight from the upper Columbia still comes down lively

The fire cistern at the intersection of Sixth and Main streets is said to be in a leaky condition

Excavations for the sewer on Pine street between Fourth and the river, is soon to be commenced

Large quantities of cedar lumber are being discharged at the foot of F street from the steamer *Minnehaha*

The building which is intended to cover the new revenue cutter that is being constructed at Albina is almost finished

Trout (?) fishing continues with unabated ardor along the wharves Small boys and Chinamen are the principal anglers

Ship carpenters are engaged in planking the hull of the new steamer being constructed below the Greenwich dock by Capt Buchanan

Two large kettles used in boiling canned salmon were brought up on Tuesday evening from Hume s fishery They were brought up for repairs

The bark *William H Besse* was towed up yesterday morning to the foot of Jefferson street where she will receive a cargo of lumber for Hongkong

The cargo of the bark *Royal* was discharged yesterday The vessel will load here for San Francisco She will carry hence a large quantity of barreled salmon and flax seed.

A boy engaged in play upon the roof of a barn near the Fourth street bridge, slipped and fell to the ground, a distance of some 14 feet, yesterday morning, and strange to say he received no perceptible injury

An exchange says "Mr and Mrs Bates created a sensation in New Zealand by producing a new play unanimously pronounced by the press to be grossly immoral The result has been crammed audiences to see if the piece was as nice as it was naughty

RIVER AND COAST IMPROVEMENTS.

Nothing has been done thus far for the present season toward repairing the breach made in the breakwater across Pearcey s slough

The dredger which has been at work for several months at St Helens bar has been ordered to commence operations at the mouth of the Wallamet

A letter has been received from Mr Kraemer and party who left the city about two weeks ago to make certain preliminary examinations at the mouth of the Alsea river The letter states that the party had arrived at their destination in safety and were ready to commence making soundings and the required examinations

Mr R A Habersham and party who have been engaged for the past six weeks in making an examination and survey of the shoals sand bars and other obstructions to the navigation of the upper Wallamet will probably return to the city to day When last heard from the party were at Salem but were going to examine several bars between that point and Albany Mr Habersham and party will report here in obedience to orders issued by Gen Michler

Until a few days ago the government snag puller has been engaged at Carey s bend in removing obstructions Capt Smith who superintends operations received orders on Monday to proceed without delay to Bennett's Dread and Union bar and remove a number of snags and logs on those points Yesterday the puller was towed to of the places mentioned

THE COURTS.

STATE CIRCUIT COURT—SHATTUCK J

WEDNESDAY Sept 15, 1875

Emma Miller vs P Fleurot motion to substitute the administratrix of the estate of Fleurot as a party defendant, argued and submitted

C M Rohr vs W S Halpruner and J Donnerberg, motion for judgment on answer of garnishee argued and submitted

James Loomis vs F H Ramsey judgment on findings of court against plaintiff defendant allowed 10 days to file bill of exceptions

E B Babbitt vs A Myers et al, confirmation of sheriff's sale

COUNTY COURT—WOODWARD, J
IN LAW

Jacob Sohmm vs Caroline Beck cause continued until to day

POLICE COURT NOTES.

John Fekhart, drunk fined $5 defendant liquidated and was discharged

James Bell drunk fined $5 and in default committed to jail for three days

Lizzie Price was found drunk yesterday and committed to jail Her case will be inquired into this morning

Peter Johnson for using very profane and abusive language toward Chas Lawrence was arrested last evening He gave bonds for his appearance in court this morning when the case will be tried

BUSINESS NOTICES

The South Portland saw mills are now in active operation See card of Estes & Carter, proprietors

Daniel J Malarkey commission merchant has removed to No 30 First street near Ash—a larger warehouse Call on him

All persons desirous of receiving light are invited to peruse the advertisement of the Springfield gas machine of which Nye & Acheson are the agents

Messrs Henry Hewett & Co have been appointed agent of the Firemen s Fund Insurance Company of California for Portland Their announcement can be found elsewhere

Tom O Brien has returned in time to open the new brands of cigars just received

BOARD OF TRADE.

[REGULAR MEETING, SEPT 15, 1875]

The board of trade met pursuant to order—Hon H W Corbett president in the chair

The minutes of the last monthly meeting and of the annual meeting were read and approved

MAP MAKERS

Communications from R A Habersham and C B Talbot offering to get up a large map of Oregon, to be used in the Centennial Exhibition showing the location of settlements, towns villages and cities timbered prairie and mineral lands in the state ranges of mountains extent of navigable streams railroads etc Mr Habersham offered to furnish a large handsomely mounted map for $1,200 Mr Talbot one less elaborate for $200 Neither of said propositions was accepted

NEW MEMBER

Mr Edwin Russell was proposed for membership of the board The secretary was instructed to cast the vote of the board in favor of Mr Russell s election which was done and he was declared elected to membership

PILOTAGE AND TOWAGE

The following copy of a letter written in accordance with instructions of the board was read

BOARD OF TRADE,
PORTLAND Sept 5 1875

Capt Flavel Astoria—SIR Permit me kindly to refer you to my letter of the 16th ult and to request, in course of post the favor of your reply My instructions from the board necessitate an immediate answer else I should not trouble you now

Masters of vessels are every day complaining to the board that you have no definite or fixed scale of charges, and that you in some cases, charge one vessel considerably more than others without assigning any reason for so doing Without entering into the legal question of your rights I am desired to procure from you a definite answer to the following questions

1st Are you desirous of adhering in future to the legal rates of pilotage and towage for the bar which were in operation prior to 1st August last ?

2d If not, what scale of fees or charges have you fixed instead on vessels inwards and outwards ?

3d And what are your charges for off shore pilotage and towage together?

I need not point out that of which you must be well aware that to have no fixed scale of charges for pilotage and towage over the bar but charge according to circumstances is the pilot thinks proper, is practically to retard the commerce of Oregon No vessels will come to the Columbia river if informed that pilotage and towage depends upon what the owner of the tug and pilot may be pleased to charge them and vessels will consequently avoid this port It is therefore your interest equally, as well as that of the board to fix a definite rate of towage and pilotage and I have no doubt you will be good enough to do so immediately, in order that I may as instructed by my board lay the same before them for consideration and approval at next meeting

It is the duty of this board of trade, not only for themselves as representing the commerce of the state but also on behalf of the farmers and producers of Oregon, to see that vessels are encouraged to come to the Columbia river in order that the people of the state may have moderate freights Hence you will see the *urgent necessity* of our having a fixed and permanent scale of pilotage and towage charges for the Columbia bar, so that we may intimate the same abroad

As the board will take definite action on this pilotage matter next Monday, you will greatly favor the board by sending in your reply by return mail I remain very respectfully your obedient servant, WILLIAM REID,
Secretary of the Board

Col McCraken inquired if any reply had been received to the above letter and was answered in the negative A prolonged discussion upon the questions of pilotage and towage was indulged in wherein nearly all the members present took part, the general conclusion arrived at being that the commerce of the state was suffering and there being no law on the subject, the board could do but little to relieve it

It was moved that a special committee be appointed to submit chamber of commerce rates brokers commissions, etc, to be adopted by the board at its next meeting Carried and Messrs Laidlaw, McCraken and Ankeny were appointed

Mr Gross moved that the thanks of the board be tendered Capt Ankeny for the use of rooms during the past year

On motion the board adjourned

The steamer has arrived with another large invoice of goods for Beck & Waldman The supply comprises everything new and fashionable in clothing and furnishing goods and something attractive in youths' suits These goods have been selected by Mr Beck

NEW BOOKS.

The following new works have just been received and added to the Portland Library

Jocelyn s Mistake by Mrs J K Spender

Jean a novel by Mrs Newman

Open Sesame, a novel by Florence Marryatt

Mildred s Wedding a novel, by Mrs Notley

The Woman of Fire— La Femme de Feu by Adolphe Belot

Woman s Love or Like and Unlike a novel by J I Smith

Caring for No Man a novel by Linn Boyd Porter

Mira Fergus the marriage of a novel, by William Black

Handy Andy, a novel by Samuel Lover

NEW SHAVING SALOON.

Messrs Jubitz and Soling late of the Occidental have opened their elegant shaving saloon and bathing rooms in Opitz new brick building 33 First street They feel justified in announcing the fact that they have the finest establishment in the city The wood work is of cedar, highly polished and capped with bird's eye and curled maple The cup case is really elegant in design The bath rooms are fitted up with tubs and otherwise furnished with new furniture etc In every respect the new rooms are elegant and attractive, deserving of even further mention

REAL ESTATE TRANSACTIONS.

James M McCoy and wife to John W Brazee a piece of land situated in Washington county and containing 160 acres $3 000

J H B Royal and wife to James N Hurly a parcel of land containing a fraction of an acre situated in section 25 T 1 N R 1 west $1

R Gilsan and wife to Eliza F Healy west half of lots 2 and 3 block 101 Couch s addition $1

There are no new features in the local money market and while some claim that there is an actual scarcity in the funds available for the purpose of conducting the usual export business of the season there are doubtless other difficulties in the way which tend more to induce the dullness prevailing than a lack of money to charter vessels or purchase cargoes. Could exporters see their way clearly at present rates or could the farmers themselves united as they are in the granges discern any profits in doing their own shipping vessels would be readily taken and loaded and our large wheat surplus would be rapidly changing position and the disbursements of large sums would bring the circulating capital of the state up to a volume which would stimulate other departments of trade and all things would move on more satisfactorily than at present. Now there seems to be a great deal of hesitation on the part of those who have heretofore shipped largely and many of them are not buying at all. The few who are in the market are doing as yet but a limited amount of business.

It is often remarked by men who have examined the advantages which our own state and the adjoining territory offer for shipbuilding that that branch of business has not been more largely engaged in. We have no doubt that this is to be one of the important commercial interests of the coast in the future but the present lack of heavy capital will keep it back for some time to come. When once shipbuilding begins in earnest however there is no reason why it should not become a dominant industry on this northwest shore. At this time this industry languishes in almost all parts of the United States, and extracts from reports of United States consuls in various parts of the world concerning our commercial interests abroad show that in a number of countries American manufactures have precedence so far as they go but the amount of our goods to be had is small owing to the lack of American shipping European carriers naturally giving preference to their own manufactures. This fact should stimulate our ship builders to an effort to regain the lost carrying trade and should induce our manufacturers whose home markets are now too small for their productive capacity, to make some sacrifices to aid them as on our possession of the carrying trade depends our ability to sell in the world's markets thus relieving our own from periodical gluts and crises.

An indication of the reason for at least a share of the financial disasters which have afflicted the United States during the past few months may be found in the fact that the specie shipments from New York for Europe have been much larger during the eight months ending August 31, 1875 than they were for the corresponding months of last year while the import and export trade have both fallen off greatly. From January 1st to August 1 1874, the imports were valued at $275 042,848, while this year they were $235 706,307. The exports of produce this year aggregate $162,666,339, against $102,271,425 for the same time in 1874. The total specie exports during the year are $61 310,597 against $40 937,298 in 1874.

Wheat in the Northwest.

The grasshoppers in the spring and early summer and the severe storms later in the season were supposed to have very greatly reduced the yield of wheat in the so called northwestern states but after all there seems to have been a greater surplus in most of the states so affected than they ever had before. Advices by mail show that the movement in that section has actively begun. Some large amounts of wheat have been received at Davenport and other towns of Central and Northern Iowa and also to Winona and many other points in Minnesota. Some of the bankers from Winona and other northwestern points have come to Chicago to make arrangements with their correspondents here for large advances which they expect to use immediately to pay for the wheat which we learn is beginning to come into the country stations and the secondary cities quite freely. Throughout Southern Minnesota and Northern Iowa the farmers are selling their wheat at an average of one dollar per bushel in large quantities. As to the amount to come forward a prominent railroad official—who has recently made an extended tour of observation in the Northwest—says in the territory penetrated by the Northwestern and the Milwaukee and St Paul railroads there will be 12 000 000 bushels more wheat to come to market this year than ever came from the same territory before. These are important facts and as the wheat is now not only past all danger but is all in fine quality they give the assurance of prosperity in the Northwest this fall and show the probability of a great increase of business soon. Such are the statements of the western press and it may be added, they estimate the total yield of wheat in the Northwest at a very high figure.

Foreign Wheat Crops.

The *Produce Exchange Weekly* of Sept 3d issued by the New York board of trade is at hand and contains full reports of the condition of the wheat crops and markets of the world.

In Scotland the area of land under wheat is less than in 1874 the wheat is not of very good quality and will be far short of last year's produce in quantity.

In Germany it has already been determined that the harvest will not reach an average and that the quality of the grain has been deteriorated by too much moisture.

In France the wheat crop will not probably exceed an average and may possibly be below an average with the quality of the new wheat leaving something to be desired.

In Roumania abundant rain falls had seriously injured the uncarried cereal produce which will be in a defective condition and hazardous even for steamer shipment.

In Hungary the wheat harvest did not turn out in accordance with earlier expectations. It is reported to be a good average in quantity but the quality leaves much to be desired the great heat causing too rapid maturity and the rains during harvest too much moisture injured the quality.

In Russia the wheat crop will probably be considerably below an average. Her maximum export has been 73 000 000 bushels and her average 40 000,000 and her minimum export 28 000 000 to 3[illegible] 000 000 bushels. The average exportation from Russia to the United Kingdom has been about 20 000 000 bushels being an average of 20 000 000 to 30 000 000 of her average exports to other countries than the United Kingdom.

The imports of wheat at Marseilles for the week ended August 19, 1875 were 285 456 cwts vs 602,522 cwts the previous week. The stock of wheat in docks was 452 222 cwts vs. 397 242 cwts August 1, 1875.

Miscellaneous.

Since July 1st California has shipped 1 380 [illegible] centals of wheat valued at $3 096 611 against 1 06[illegible] centals valued at $1 [illegible] for the corresponding time in 1874.

One year ago on the 16th of this month the first vessel with wheat of the harvest of 1874 cleared hence for Europe. Four vessels cleared during September last year.

The *News Letter* of the 11th inst. says: It is by no means certain when the Bank of California will resume and open its doors for business—certainly on or before October 1st and possibly within ten days from date. By the 1st prox. we hope to see the Nevada Bank open its doors for business with its millions of gold paid up capital the Bank of California with a new $10 000 000 of capital the National Gold Bank and Trust Co with its unimpaired capital. The Merchants Exchange Bank resumed specie payments a week since and has since declared its regular monthly dividend of one per cent. There is yet a good deal of coin locked up in private vaults waiting for a general resumption on the part of the several stock boards but look whichever way we may we see glimpses of sunshine and believe that a brighter day is very soon to dawn upon the commercial metropolis of the Pacific slope.

The Savings Banks of San Francisco are taking in much coin and paying out but little. Our commercial banks are doing little in the way of discounts. Exchange on the Atlantic cities is hard to negotiate for lack of a plentiful supply of coin. Sterling bills on London are not easily negotiated at even 50d or in fact at any satisfactory rate hence wheat buyers and large exporters find it no easy task to make shipments or to give dispatch to vessels. The general every day business of the city seems to be up to the full average for the season.

A Pittsburgh paper says the iron mines in British Columbia are being advantageously worked while those of Oregon are being prospected. Exactly the reverse is true.

Shipping Intelligence.

The bktn Jane A Falkinburg dropped down the river to day and will soon complete her cargo for Honolulu.

The bk Rival is loading with produce mostly wheat, at Flanders dock for San Francisco market.

The bk W H Besse moved up to the city mills this morning, where he will load lumber.

The steamship Idaho from San Francisco with freight only will leave San Francisco for this port in a day or two.

The Br bk Elizabeth Dougall hence for Queenstown May 3d with a cargo of wheat arrived at her destination September 5th.

The steamship Oriflamme from San Francisco arrived at a late hour this evening.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma and Consumption.

The few compositions which have won the confidence of mankind and become household words, among not only one but many nations must have extraordinary virtues—Perhaps no one ever secured so wide a reputation or maintained it so long as Ayer's Cherry Pectoral. It has been known to the public about forty years by a long continued series of marvellous cures that have won for it a confidence in its virtues never equalled by any other medicine. It still makes the most effectual cures of *Coughs Colds Consumption* that can be made by medical skill. Indeed the Cherry Pectoral has really robbed these dangerous diseases of their terrors to a great extent and given a feeling of immunity from their fatal effects that is well founded if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members. Sickness suffering and even life is saved by this timely protection. The prudent should not neglect it and the wise will not. Keep it by you for the protection it affords by its timely use in sudden attacks.

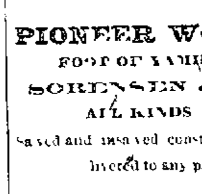
Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR

TO ITS NATURAL VITALITY & COLOR



Advancing years sickness, care disappointment and hereditary predisposition all turn the hair gray and either of them incline it to shed prematurely.

Ayer's Hair Vigor by long and extensive use has proven that it stops the falling of the hair immediately often renews the growth, and always surely restores its color when faded or gray. It stimulates the nutritive organs to healthy activity and preserves both the hair and its beauty. Thus brashy weak or sickly hair becomes glossy pliable and strengthened. Lost hair regrows with lively expression falling hair is checked and established thin hair thickens and faded or gray hair resume their original color. Its operation is sure and harmless. It cures dandruff heals all humors and keeps the scalp cool clean and soft—under which conditions diseases of the scalp are impossible.

As a dressing for ladies hair the Vigor is praised for its grateful and agreeable perfume and valued for the soft lustre and richness of tone it imparts.

EASTERN NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Charles Francis Adams Writes a Letter.

NEW YORK Sept. 16—Charles Francis Adams has written the following to a gentleman in Brooklyn who sent him copies of the *Times* of that city containing an article in which it said "We have hopes that a rousing public spirit will some way make itself potent in the nomination of president next year and that Mr Adams may be called from his retirement at Quincy to the presidency, its ancient dignity and legislative influence."

QUINCY, Sept. 16, 1875.

My Dear Sir: I cannot be but deeply moved by the voluntary expression of esteem which I occasionally find in newspapers in reference to myself. I trust they may not have the effect of turning my head or making me think of myself better than I ought to. With regard to the suggestion made in the articles which you call my attention to, I am sure it would be very agreeable to me to undertake the work but I have already on my hands quite as much as I can dare hope to accomplish during my term of life approaching so near the three score and ten prescribed as the limit of usefulness. If I do I shall have to make or run great risk of leaving matters in confusion. It is for this reason that I have been, perhaps too indifferent, to the wishes of many who have desired to have me called again into public life. I see nothing there just now which promises happy results within a short time. Meanwhile I am steadily releasing myself from responsibility and if not writing history, at least, putting out of reach of accident the valuable materials for writing it, which have been placed in my hands, or which I have myself furthered in my own career. I doubt whether I could be made more useful to the world in any other way. I pray excuse me for this egotism, and believe me,

Very truly yours,
CHARLES FRANCIS ADAMS.

Democratic Convention of New York.

SYRACUSE, N Y, Sept. 16—The Democratic state convention met at Wieting Hall. Every seat was occupied. Allen Beach, chairman of the state central committee called the convention to order without preliminary remarks, and nominated Andrew McGone of St. Lawrence, temporary chairman, which was agreed to unanimously. McGone was received with applause. In his address he said the living questions that are now before the people of the several states for examination and decision are to be settled in 1875. The paramount one is the financial question. The evils of depreciated currency under which the country now suffers naturally flowed out of the departure from sound interpretation of the constitution prohibiting states and by implication the general government, from making anything but gold and silver a legal tender. The sentiment was received with moderate applause which was soon followed by great applause at the mention of Governor Tilden's name. The usual committees were appointed, and the convention took a recess till 4 P M.

SYRACUSE, Sept. 16—The convention reassembled at 7:30 P M and Judge H Sturges was chosen permanent chairman, with vice presidents from each district.

The following resolution was adopted unanimously:

Resolved That hereafter the state committee shall in all cases of contested seats, admit as sitting members those only who present credentials from sources recognized as regular by the last preceding state convention, and such members shall participate in all proceedings of the convention except as to contested seats until the convention shall decide upon the case.

The president appointed the following additional members whose names had been suggested by delegations from the city of New York, of the committee on resolutions: Manton Marble, Edwin R Mead, Wm. C. Whitney, Burton N. Harrison, Christopher Fin, Frederick Smith, John Hayes.

At 10 minutes before 9 the committee adjourned till 9 to morrow.

At a meeting of the committee on contested seats, Morrissey addressed the committee for the eleventh district, Kelly responded to Morrissey's speech, which was an able one. The vote on the district stood 10 for the admission of Morrissey's delegation to 12 against. The vote on the other New York members stood 18 to 5 against admitting the contestants.

The chief interest of the day has been contested seat cases. Nothing new has transpired concerning the ticket. The candidates who apparently have strength enough to secure nominations are John Bigelow, secretary of state, Chas. S. Fairchild for senator and D H. Parmenter, attorney-general. The platform will favor return to specie payments, indorsement of the governor on behalf of canal reform, honesty in the administration of governmental affairs, opposition to presidential third term, and reiteration of former declarations in democratic state convention.

The Weavers Return to Work.

FALL RIVER, Sept. 16—The weavers have voted almost unanimously to return to work on manufacturers' terms as soon as the mills may be opened.

WASHINGTON CITY.

Pierrepont to Ames.

WASHINGTON Sept 16—Senator Bruce, of Mississippi and one of his associates, called upon the attorney general to day and stated that they had telegraphed Gov Ames that they were satisfied with what the attorney general had done in regard to applications from the governor for the interference of Gen Grant. They again requested that in the south the publication of the attorney general's letter to Gov Ames and President Grant consenting to its being made public. The letter is as follows:

DEPARTMENT OF JUSTICE,
WASHINGTON D C, Sept 2

To Gov Ames Jackson Miss: This hour I have had a dispatch from the President. I can best convey to you his ideas by extracts from his dispatch: "The whole public are tired out with these annual outbreaks in the south, and the great majority are ready now to condemn any interference on the part of Government. I heartily wish that peace and good order may be restored
